

Adobe Creative Cloud for education and student-owned devices

Adobe Creative Cloud for education now offers Creative Cloud—Named User licenses for student-owned computers or devices. Schools and universities with Bring Your Own Device (BYOD) environments can give their students (13 years and older) access to the full power of Creative Cloud, which includes integrated smartphone and tablet apps as well as storage and online services.

Benefits

- **Supports BYOD environments** in schools and universities.*
- **Available for both Windows and Macintosh** computers in multiple languages.
- **Named-user licenses can be assigned to students (13+ yrs.)** for regular classes and homework, virtual school programs, short-term courses, after-school activities or summer classes.
- **A license can be revoked** once a student has finished a class or left the school, and it can be easily re-assigned to another student.
- **Students can leverage the full power of Creative Cloud**, as named-user licenses include access to Adobe's integrated smartphone and tablet applications as well as Creative Cloud storage and online services.
